Cleaning India Campaign (Village Cleaning Drive)

Mvp's Arts, Commerce and Science College and NSS Department Organized Village Cleaning Drive at Panewadi Village on 15/09/2018 as part of Community Service initiative. The aim of the drive was to promote cleanliness, raise awareness about the importance of hygiene, and foster a sense of responsibility towards maintaining a clean environment. NSS volunteers conducted a survey to assess the cleanliness status of the village. NSS volunteers assembled at a central location in the village. The village was divided into different sectors, and each group of volunteers was assigned a specific sector to clean. Various cleaning activities were undertaken, including waste collection, sweeping of roads, and cleaning of public areas such as parks and community centres.

This Programme Co-ordinate by NSS PO Baglave V.N and President and Guidance Principal S.S Tawade .All Teaching Staff help for Succession for Programme.

Policy Document on Environment and Energy Usage

The Environment and Energy usage Policy of the College is to manage energy in such a systematic way so as to minimize its impact on the environment. The policy implies to explore the renewable energy resources to reduce the burden of the government and to find out alternate resources as solutions to energy crisis.

This environment and energy policy is binding for all the components of the institution and applies to all its stakeholders and to the various activities undertaken by the institution. It will help us to embed efficiency and environmental awareness into our everyday activities, thus helping us to realize our responsibilities and commitment to conservation of natural resources and to limit its usage. The college regularly conducts green literacy programs to save energy and to protect the environment.

Policies:

- To assess our energy usage and measure its impact on the environment.
- To count Co2 emissions generated by our means of transportation - Vehicles. To reduce local air pollution emissions using environment-friendly vehicles, including bicycles, public transportation and use of pedestrian-friendly roads.
- To install photo voltaic solar panels for the generation of alternative energy
- To install LED bulbs in the whole campus to save energy.
- To develop systematic waste management mechanism.
- To develop rain water harvesting unit.
- To undertake tree plantation drive.
- To take additional measures to continuously improve energy consumption.
